

TECHNICAL INFORMATION SHEET (TIS)

PREMCLEAN

Air Freshener - Code No. 108007

INTRODUCTION

A Premclean comprehensive range of products to meet most housekeeping needs in hotels, halls of residence, nursing homes and other residential premises. These products are also suitable for use in commercial premises for the routine care and maintenance of furniture, washable hard surfaces, internal glazing (including mirrors) and fixtures and fittings in offices as well as in toilets, washrooms or bathroom areas. None of these products are suitable for use on soft furnishings.

First Class results can only be achieved using the correct equipment and products within the framework of a regular cleaning programme. The range of products enables the user to select those with precisely the right characteristics for the various tasks within any housekeeping department.

In the case of difficulty in making the correct choice or for further information on Premclean cleaning systems and extensive range of cleaning and maintenance chemicals, equipment and machine, contact our Head Office in Limassol.

AIR FRESHENER

A formulated blend of "red flowers" and "jasmine" fragrance. A liquid air freshener in a 5 litres, ready to use pack, it may be used to counteract unpleasant or offensive background odours in areas such as smoke rooms, bars and restaurant, changing rooms or sports halls and in toilets and washrooms.

The regular use of **Air Freshener** with its distinctive residual aroma, will help to counter the effects of stale air in all these situations. It is fast and effective, economical in use and provides a pleasant fragrance.

The pH of **Air Freshener**, under typical analysis is 7.0.

DIRECTIONS

Always wear the appropriate protective clothing and read product label and Safety Data Sheet before use.

Prepare all dilutions freshly and accurately, in clean containers before each application. Allow the appropriate contact time to the type of soilage being removed. Please refer to the previously listed Bactericidal Data.

APPLICATION

Shake the container well before use and insert the product in a trigger spray pack. Hold trigger spray at arm's length. Spray carefully into the air at ceiling level or at a convenient height without stretching or overreaching. Always avoid spraying directly onto walls, furniture and fabrics and do not over spray or create an "aerosol mist". For persistent odours repeat application after 3 - 4 hours. Dispose of empty containers after use, but retain trigger spry for use on other trigger packs.

HEALTH AND SAFETY INFORMATION

Appropriate Health and Safety information is detailed on the individual product label of relevant Health and Safety Data Sheet.

PACKAGING

4x5 litres

Premclean Code No. 108007

No liability is accepted for any loss or damage arising directly or indirectly from the use of the Company's products, or from the use of the information given in its publications; neither is any warranty given or implied of freedom from patent rights. Prospective users should, therefore, satisfy themselves by appropriate trials that the product to be used is suitable for the intended use and that such use will not infringe any patent.

We continue to reserve the right to alter designs of any products as part of a further process of improvement and products supplied may therefore vary from those detailed on this Technical Information Sheet.
